### **Background of the project**

The proponent made online application vide proposal no. SIA/WB/IND2/278404/2022 dated 16 Jun 2022 seeking Environment Clearance (EC) under the provisions of the EIA Notification, 2006 for the proposed drilling of 20 Shale gas Exploratory Wells in Raniganj (South) CBM Block, West Bengal by M/s. Great Eastern Energy Corporation Ltd.

This is a proposal for exploration of shale gas in Raniganj (South) CBM Block by proposing to carryout exploratory drilling of 20 Shale Wells. Location details is given in annexure 1.

Project	Drilling of 20 Shale Gas Exploratory Wells in Raniganj	
	(South) CBM Block	
Nature	Exploration of Shale Gas	
Location	Raniganj (South) CBM Block	
Time of completion	3 years from the date of EC receipt	
Depth of wells	3000 meters	
Land requirement	5 acres for each shale gas well	
Drilling Mud	An environment-friendly water based mud (WBM) system will	
	be used for drilling of the proposed wells.	
Power Requirement	DG sets : 4 x 250 KVA and 2 x 125 KVA	
Source of Water	The proposed project is to carry out exploratory work in shale	
4	beds present below Raniganj formation. Hence the process	
	involves drilling to target Shale beds and take core samples	
	which will further sent to laboratory for petrophysical, geo-	
	chemical and geo-mechanical analysis.	
Total Water Requirement	$75 \text{ m}^3$ /day/well	
Domestic	5 m <sup>3</sup> /day/well	
Industrial	70 m <sup>3</sup> /day/well	
Waste Water disposal		
Domestic	4 m <sup>3</sup> /day/well	
Industrial	64 m <sup>3</sup> /day/well. The waste drilling fluid will be stored onsite	
	impervious HDPE lined pit for solar evaporation and drying.	
Manpower	Total 50 persons	
Cost of the project (Rs.)	518 crores for 20 wells	

Salient features of the proposed project as per PARIVESH Portal are as follows -

State Level Environment Impact Assessment Authority (SEIAA), West Bengal examined the proposal and also perused recommendations of the State Level Expert Appraisal Committee (SEAC). After due consideration of the project proposal, and after considering the recommendations of the State Level Expert Appraisal Committee (SEAC), the State Level Environment Impact Assessment Authority accords Environmental Clearance to the project as per provisions of the EIA notification no. S.O. 1533 (E) dt. 14<sup>th</sup> September, 2006 of Ministry of Environment & Forests, GOI and the subsequent amendments, on the basis of above mentioned features along with other details submitted to SEIAA subject to strict compliance of the terms and conditions mentioned below.

### I. Statutory compliance:

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with

the State Forest Department. The implementation report shall be furnished along with the sixmonthly compliance report. (in case of the presence of schedule-I species in the study area)

- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board / Committee.
- v. Necessary authorization required under the Hazardous and Other Wastes (Management and Trans-Boundary Movement) Rules, 2016, Solid Waste Management Rules, 2016 shall be obtained and the provisions contained in the Rules shall be strictly adhered to.
- vi. The project proponent shall obtain and adhere to statutory clearance under the Coastal Regulation Zone Notification, 2011, as applicable.

### **II.** Air quality monitoring and preservation

- i. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R.No.826(E) dated 16th November, 2009 shall be complied with.
- ii. To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and / or the NAAQS. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB / SPCB guidelines.
- iii. The locations of ambient air quality monitoring stations shall be decided in consultation with the State Pollution Control Board (SPCB) and it shall be ensured that at least one stations each is installed in the upwind and downwind direction as well as where maximum ground level concentrations are anticipated.
- iv. Ambient air quality shall be monitored at the nearest human settlements as per the National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R.No.826(E) dated 16th November, 2009 for PM<sub>10</sub>, PM<sub>2.5</sub>, SO<sub>2</sub>, NOx, CO, CH4, HC, Non-methane HC etc.
- v. During exploration, production, storage and handling, the fugitive emission of methane, if any, shall be monitored using Infra-red camera / appropriate technology.
- vi. The project proponent also to ensure trapping / storing of the CO<sub>2</sub> generated, if any, during the process and handling.
- vii. Approach road shall be made pucca to minimize generation of suspended dust.

### III. Water quality monitoring and preservation

- i. As proposed by the project proponent, Zero Liquid Discharge shall be ensured and no waste / treated water shall be discharged to any surface water body, sea and / or on land. Domestic sewage shall be disposed off through septic tank / soak pit.
- ii. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air / Water Act, whichever is more stringent.
- iii. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority / CGWA in this regard.
- iv. The company shall construct the garland drain all around the drilling site to prevent runoff of any oil containing waste into the nearby water bodies. Separate drainage system shall be created for oil contaminated and non-oil contaminated. Effluent shall be properly treated and treated wastewater shall conform to CPCB standards.
- v. Drill cuttings separated from drilling fluid shall be adequately washed and disposed in HOPE lined pit. Waste mud shall be tested for hazardous contaminants and disposed according to HWMH Rules, 2016. No effluent / drilling mud / drill cutting shall be discharged / disposed off

into nearby surface water bodies. The company shall comply with the guidelines for disposal of solid waste, drill cutting and drilling fluids for onshore drilling operation notified vide GSR.546(E) dated 30th August, 2005.

### **IV.** Noise monitoring and prevention

- i. The company shall make all arrangements for control of noise from the drilling activity. Acoustic enclosure shall be provided for the DG sets along with the adequate stack height as per CPCB guidelines.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 dBA (day time) and 70 dBA (night time).

### V. Energy Conservation measures

i. The energy sources for lighting purposes shall preferably be LED based.

### VI. Waste management

- i. Oil spillage prevention and mitigation scheme shall be prepared. In case of oil spillage / contamination, action plan shall be prepared to clean the site by adopting proven technology. The recyclable waste (oily sludge) and spent oil shall be disposed of to the authorized recyclers.
- ii. Oil content in the drill cuttings shall be monitored by some Authorized agency and report shall be sent to the State Environment Impact Assessment Authority.

### VII. Safety, Public hearing and Human health issues

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.
- ii. Blow Out Preventer system shall be installed to prevent well blowouts during drilling operations. BOP measures during drilling shall focus on maintaining well bore hydrostatic pressure by proper pre-well planning and drilling fluid logging etc.
- iii. Company shall prepare operating manual in respect of all activities, which would cover all safety & environment related issues and measures to be taken for protection. One set of environmental manual shall be made available at the drilling site / project site. Awareness shall be created at each level of the management. All the schedules and results of environmental monitoring shall be available at the project site office. Remote monitoring of site should be done.
- iv. On completion of drilling, the company has to plug the drilled wells safely and obtain certificate from environment safety angle from the concerned authority.
- v. The company shall take measures after completion of drilling process by well plugging and secured enclosures, decommissioning of rig upon abandonment of the well and drilling site shall be restored the area in original condition. In the event that no economic quantity of hydrocarbon is found a full abandonment plan shall be implemented for the drilling site in accordance with the applicable Indian Petroleum Regulations.
- vi. The Company shall take necessary measures to prevent fire hazards, containing oil spill and soil remediation as needed. Possibility of using ground flare shall be explored. At the place of ground flaring, the overhead flaring stack with knockout drums shall be installed to minimize gaseous emissions during operation.
- vii. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- viii. The company shall develop a contingency plan for H<sub>2</sub>S release including all necessary aspects from evacuation to resumption of normal operations. The workers shall be provided with personal

H<sub>2</sub>S detectors in locations of high risk of exposure along with self containing breathing apparatus.

- ix. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- x. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- xi. The Company shall carry out long term subsidence study by collecting base line data before initiating drilling operation till the project lasts. The data so collected shall be submitted six monthly to the Ministry of Environment, Forests & Climate Change / State Environment Impact Assessment Authority / State Pollution Control Board.

### VIII. Environment Management Plan (EMP)

- i. The project proponent should submit the proposed EMP on a six monthly basis. The Office Memorandum issued by the MoEF & CC vide F. No. 22-65/2017-IA.III dated 30.09.2020 should be strictly followed.
- ii. The project proponent shall install display board for display of all the environmental parameters including sensor-based air, water and noise quality monitoring stations within their premises.
- iii. Need based activities for local people is part of the EMP. Details of such activities submitted by the project proponent is given in annexure-2.
- iv. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements / deviation / violation of the environmental / forest / wildlife norms / conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the Ministry of Environment, Forests & Climate Change / State Environment Impact Assessment Authority / State Pollution Control Board as a part of six-monthly report.
- v. A separate Environmental Cell equipped with full-fledged laboratory facilities shall be set up to carry out the Environmental Management and Monitoring functions, with qualified personnel shall be set up under the control of Senior Executive, who will directly to the head of the organization.
- vi. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry of Environment, Forests & Climate Change / State Environment Impact Assessment Authority / State Pollution Control Board along with the Six Monthly Compliance Report.
- vii. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

### IX. Miscellaneous

- i. The environmental clearance accorded shall be valid for a period of 10 years for the proposed project.
- ii. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.

- iii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iv. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
- v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the Ministry of Environment, Forests & Climate Change / State Environment Impact Assessment Authority / State Pollution Control Board.
- vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
- vii. The project proponent shall inform the State Environment Impact Assessment Authority/ State Pollution Control Board, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
- viii. Restoration of the project site shall be carried out satisfactorily and report shall be sent to the State Environment Impact Assessment Authority.
- ix. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
- x. The project proponent shall abide by all the commitments and recommendations made in the EIA / EMP report, commitment made during Public Hearing and also that during their presentation to the State Expert Appraisal Committee.
- xi. No further expansion or modifications in the plant shall be carried out without prior approval of the State Environment Impact Assessment Authority.
- xii. Concealing factual data or submission of false / fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
- xiii. The State Environment Impact Assessment Authority may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.
- xiv. The State Environment Impact Assessment Authority reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xv. The State Environment Impact Assessment Authority / State Pollution Control Board shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer(s) of the State Environment Impact Assessment Authority / State Pollution Control Board by furnishing the requisite data / information / monitoring reports.
- xvi. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention' & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xvii. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

xviii. The contact details of the proponent and the name of the consultant are given below -

by asking the Centre to with-hold funds for social welfare schemes..." Abhishek also accused the Centre of increasing people's tax burden and playing the religion card ahead of Lok Sabha polis. "After forming the govern-ment, they (the BJP) started imposing taxes and charges on people which hiked prices of essential items. Here, chief iminister Mamata Banerjee could have easily collected around Rs 50,000 crore by in-creasing taxes... But instead, she introduced Lakshmir Bhandar (for women bene-ficiaries). This is the differ-ence," Abhishek's aid. Cont acte ed, Maj umdar mocked Abhishek's remarks... "He (Abhishek's is not toe for Sale of Immovable Assets under une of Financial Assets and Enforcement of Se proviso to Rule 8 (6) of the Security Interest mocked Abhishek's remarks. "He (Abhishek) is not aware that I have spent sever-al nights at common peoples' houses," said the BJP state chief. "His so-called drive is simply an attempt to revive the party's support base. State funds are being spent for this political event."

ase of single bidder, the bid

### **Bangur fire:** residents' letter to minister

### SNEHAL SENGUPTA

Bangur: Residents of the building in Bangur that caught fire on Sunday drafted a letter, to be sent to fire minis-ter Sujit Bose and South Dum Dum Municipality, on storing of flammable goods on the premises that had blocked the entrance and exit during the fire.

fire. "Do something regarding the stacking of flammable goods and other articles in the common areas of the building that had blocked the main en-trance and exit of the building during the fire, "says the letter," which the residents plan to send on Wednesday. On Sundav evening a fire

send on Wednesday. On Sunday evening, a fire broke out in a six-storey build-ing at the intersection of Jes-sore Koad and Bangur Avenue. The building has a shop on the ground floor, a small ware-house on the first floor and a cloud kitchen on the second. The other three floors have residential flats. The shop, which sold dry fruits, ghee and other items, was guited. A senior fire official said

A senior fire official said the rehouse, too, was badly ged. Flammable matedamaged. Flammable mate-rlals, including cardboard boxes and tins filed with ghee and butter, and plywood parti-tions fanned the flames, caus-ing them to spread rapidly through the first three floors and reach the cloud kitchen. Residents had to escape through the building's rear by scaling the boundary wall

Residents had to escape through the building's rear by scaling the boundary wall with a ladder, the official said. The front of the building was in flames, which blocked the main entry and exit. Twelve thre tenders and two hours to control the blaze. The residents held a meet-ing on Monday, and by Tues-and Monday, and by Tues-to esent to minister Bose. A copy will be sent to South Dum Dum Municipality, they said. "We have drafted the letter and will send it on Wednesday. We want to ensure that such an incident does not recur. In our letter, we have asked the authorities to ensure that blocking of common areas by commercial establishby commercial establish-ments, which are using those areas as storage space. Many of us could not leave the build-ing through the main door," Lokesh Kumar a building ne-Lokesh Kumar, a building res-ident, told **Metro** on Tuesday. A team of forensic officials

ident, told **Metro** on Tuesday. A team of forensic officials visited the building on Tues-day and collected samples from multiple spots. A senior fine official said it was mandatory for buildings with mixed usage to have fire-fighting equipment. "Our teams are probing the incident. We are trying to ind out why the firefighting systems did not work. We are checking whether the shop and the warehouse had fire checking whether the shop and the warehouse had fire licences," said minister Bose. A senior official of South bum Dum Municipality said they would look into the mat-ter once they receive the letter

ter once they receive the letter from the residents.

Howrah: A former IIEST stu-

Howrah: A former IEST stu-dent now based in California in the US, who started an on-line signature campaign high-lighting the persistent slide of the institute, wrote to the Union education minister on Tuesday saying "the institute issuffering because of the lack of funding approved by the pariament".

of funding approved by the parliament". The campaign, signed by over 2,000 former students of the Shibpur institute, has sought to know from Dhar-mendra Pradhan whether his office would be "kind enough

Calcutta: Many people are storing their biodegradable waste in plastic bags and throwing the bags into bins meant only for biodegradable waste, creating hurdles in the Calcutta Municipal Corpora-tion's fledgling effort to segre-orte userle

a senior CMC official. This has thrown up a new challenge for the civic body, he said. The CMC has started the collection of segregated waste from households across all wards of Calcutta. Two bins — one blue and one green — have been given to households. The green bins are meant for biodegradable waste, which includes waste from cooked food, vegetables and fruit peels. The blue bins are meant for non-biodegrad-able waste, like plastic, metal and fass. Morning waste collectors of the CMC, too, have green in their carts. Residents are supposed to throw the waste stored in the green bins in their homes into the green bins in the carts and blue bin waste in the blue ones. at waste. A plastic bag or any other form of plastic should be thrown into bins meant for non-biodegradable products. non-biodegradable products. "Plastic bags are supposed to be thrown into bins meant for non-biodegradable waste but that is not being followed in many places. People are throw-ing the plastic bags into bins for biodegradable waste," said

to approve the release of part of the fund approved by the parliament for upgradation of the academic and infrastruc-tural facilities?" "We are sure that the MED (Ministry of Education) under your leadership will not allow this heritage institution to perish for lack of government support and pass into oblivi-on," says the signed appeal A copy of the appeal was sent to the Union minister of state for education, Subhas Sarkar, who is a BJP AM from Bankura.
